

WHAKAPAPA MOUNTAIN CLUB

BULLETIN ISSUE No. 150 November 2021

GENERAL NEWS UPDATE

Hi Everyone!

What a year it has been! Hope you're all ready for summer as its starting to heat up quick!

It would be awesome to see the hut get used more this summer, there are plenty of trails and bike trails around, so grab some friends and book in!

Merry Christmas

As we know the past two years has been tough for everyone with COVID shutting down parts of the country. Financially it has affected a lot of business and families and unfortunately the club has also been affected.

We as a club are struggling financially this year, so we are asking for your help to keep us going by asking for a **donation**. Any amount big or small will really help to keep the club afloat.

To Donate please put the amount you would like to donate into the club bank acc (same acc you use to pay for subs and bookings) and put "Donation" as the reference.

It has been a tough couple years now and we can not thank you enough for your support! From bookings throughout the season and taking part in fundraisers and now a final BIG THANK YOU to those that are able to donate!

Thank you everyone!

COVID-19

Please note we now have a QR code for the Hut to meet our health and safety obligations.

We are back at level 2, **YOU MUST sign in** on the covid tracer app when visiting the Hut at all times.

There is hand sanitiser in the entrance area and around the hut. We ask that you use this upon arrival and regularly.

Please remember if you are feeling unwell to stay home.

Summer Plans

summer is almost here and we would love to see the club being used more during the summer time. It's the perfect time to be able to bring a big group of friends to the club and celebrate a birthday/holiday or to simply take a vacation and hit some of the trails on and around the mountain.

One for the bucket list! Described as the 'best short walk' in Tongariro National Park, Skyline takes you from the Knoll Ridge Chalet (2,020m) to Skyline Ridge (2,300m) for views of Mt Ngauruhoe, Lake Taupō & beyond.

From the Knoll Ridge Chalet (2,020m), walk the same path as ancient lava flows & lahars as you descend past stunning waterfalls, rugged volcanic terrain & amazing views of the Central Plateau.

Discover cinematic history and immerse yourself in the moody scenery where several scenes from The Fellowship of the Ring & The Two Towers were filmed.

Parking Map

Bookable parking is now a thing of the past!
The mountain will be running a one up one down situation if it reaches it's capacity.
The red numbers indicate the amount of available car parks for over night parking.
