Words from Whakapapa

A new chapter begins.

Whakapapa has been in operation since 1953. It is woven into the fabric of Aotearoa, contributing significantly to the region both socially and economically.

The last three years have been challenging, with the future of Whakapapa uncertain. However, April 2025 marked a major turning point — with a new 10-year concession granted by the Department of Conservation for continued operation.

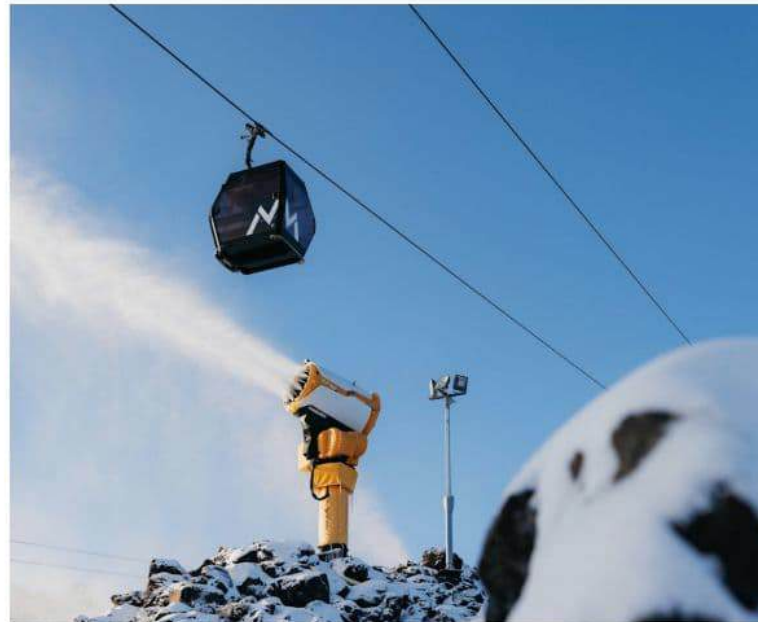

This milestone brings new energy, fresh direction, and a future we can move toward with confidence.

New stewardship

Whakapapa is now proudly operated by Whakapapa Holdings Limited (WHL), a new private entity formed with the sole focus of restoring certainty and momentum to the ski area.

WHL was established in 2022 by a group with a deep understanding of the ski and tourism industries, the rohe, and the values that underpin this place. Since its inception, WHL has remained committed to protecting the long-term value of Whakapapa for the region and the communities it supports.

The new leadership team — made up of three directors with over 75 years of combined industry experience — works alongside the existing senior management and mountain team, who together hold more than 350 years of collective expertise at Whakapapa.
